

Dear Parents, Caregivers and Whanau

Kia Ora Katoa

This is the final newsletter for Term 2. School closes next Friday, 5th July and we welcome our learners back to school on Monday 22nd July. We have had an excellent term of learning, experiences, opportunities and fun. The only problem has been the battle many have had with bugs, colds and flus. Hopefully a good rest during the winter break will set everyone up for a healthier Term 3.

Thank you to everyone who attended yesterdays Parent/Teacher/Student Conferences. We close at 12.30pm again on Monday 1st July to complete these interviews. The student receives a strong message about the importance of their progress and achievement through seeing the school and home working partnership. Thank you for your attendance.

Next week I am away for three days at the National Principals conference. This is a very interesting and somewhat unsettled time politically in education. I look forward to hearing from those “steering the canoe”. With the Tomorrows Schools review, Communities of Learning initiatives, industrial action over work conditions and the increasing needs of our learners, there is a lot to navigate. The theme of the conference is Renaissance not Reformation. This signifies a time of renewal, new beginnings and ‘big’ step change in our sector rather than the addition of continuous layers and small change such as we have seen since the introduction of Tomorrows Schools in 1989.

Thank you to our PTA for organising tonight's PJ & Pizza party and the last day of term sausage sizzle next Friday. This team is amazing.

Have a great mid year winter break.

Nga Mihi
Michael Fitzgerald.

PTA News

- Sausage Sizzle next Friday 5th July. \$2 per sausage to be collected from classrooms on the morning.
- Fitzies Pies will be available to collect from the school hall next Thursday 4th July between 3-3.30pm.

Rippa Rugby

On Thursday the 13th of June, 20 students participated in the Rippa rugby competition at Springvale Park. The morning started cold and grey and the weather didn't look like it was going to clear. When we arrived it started to rain! Finally we headed out onto the field for our first game. The fields were so wet and muddy we had to slip and slide our way to the try line, but we got a win! After our first game Mr Howells told us there wasn't going to be a lunch break as the weather was getting wetter and colder. We played our best against some great schools and ended up winning all our games in the pool we were playing in. The other teams that participated were Ohakune B, Wanganui East, Carlton, Hunterville and Mosston. In the top pool Ohakune A took out the championship this year, congratulations to them.

We would like to thank all the parents that transported us to and from Springvale park and those that stood in the rain to support us. By Ashton Kibblewhite.

Academic Achievement and/or Progress:

Room 1/2 Refurbishment

Progress is moving forward steadily. As always, when you open up buildings other issues are discovered. However when completed this will be an awesome teaching and learning space. Money for this refurbishment has been provided by the Ministry of Education. We are very grateful as we have retained our heritage building on the exterior and have the most up to date insulated, acoustic modern learning environment inside. The way the space has been designed allows for classes to work very collaboratively however also have their own space. The teachers make the environment work really well, maximising opportunities for these students to develop the skills employers want for the 21st century—Critical thinking/Problem solving/Teamwork/ Collaboration/Oral and Written communication/Digital Technology/ Leadership/Work Ethic/Global & Intercultural fluency.

Welcome to School

A special welcome to the following new students and their families.

Hazel White,
James Wongkham,
Keira Harris,
Alexander Turner.

We wish you all the best for your learning at our school.

Paper4Trees

Our school is part of the Paper4Trees programme which is designed to encourage schools and businesses to recycle their paper waste. As an incentive or reward, native trees are gifted to these organisations. Fifteen young trees arrived last week and were planted by the members of the Earth Kids team. Take a look on the back hill at the amazing growth of 400 trees planted last year as part of the School's Green Gold Enviroschool celebration. The summer drought jeopardised their survival but classes were rostered to water the trees each day. They are now a picture of health. Thank you to Paper4Trees and the Earth Kids.
