

Dear Parents, Caregivers and Whanau

Kia Ora Katoa

Welcome back to Term 3.

Hope the winter holiday went well for your family.

Thank you for your attendance at the end of Term 2 conferences. If for some reason you missed the opportunity to meet to discuss your child's progress and achievement, please contact your child's teacher to make a suitable time.

We do ask that if you have any concerns, questions or queries, you do firstly see your child's teacher. We all appreciate knowing earlier than later, as we can work in partnership to address any issues.

Included is a copy of flowchart for concerns. Wishing everyone an excellent Term 3. Those bugs out there are vicious. Recommended is plenty of rest, good vitamins and proteins from fruit/vegies/eggs/meat etc. Good luck!!!

Take care

Michael.

willingly took part in a great afternoon of entertainment.

Year 5 Visit

On the 25 June 2019 Mrs Rooke came to talk to Year 5 about advertising. She is an expert. Firstly, she talked about how people brainwash and persuade you to buy stuff or make you feel like you need the item they are selling. Mrs Rooke also talked about colour schemes, and that some colours catch the eye more than others. We learnt a lot about advertising, thank you to Mrs Rooke for coming in to talk to us about advertising. Next week we will be creating our own adverts. By Annabelle and Florence.

2020 Enrolments

We are now starting to think about next year's enrolments and available space. By the 1st of September schools need to determine available spaces for the following year and invite applications for these spaces. Therefore it is critical that we have 2020 enrolments for students living within our zone, and also siblings of current students. Please see either Amanda or Lynette in our office to ensure your child is on our list. Sometimes parents assume because one child is enrolled, the preschooler is too. However, an enrolment form needs to be completed for each child. If you know of others in our zone or intending to send their child to our school, please get them to contact the office. Thank you.

Block 1 - Modernisation

Block 1 - Rooms 1 & 2 are now starting to look like classrooms again. Thank you to the MOE, James Cross of BSM Architects and the team from Houghton Gemini Pepper and their subbies for the great job they are doing.

Along with the two classroom spaces, we are also creating a kitchen area for senior students to use for technology/garden to table etc, a new cloakbay area off the old computer suite and refurbishing the old Rm 1/2 cloakbay. Also much of the drainage/sewer around the school is 90 years old and in a bad state. You will see areas around the school being blocked off as repairs/replacement takes place. What an incredible learning environment for our senior students to spend their final years at Primary school. The environment fosters staff ability to set students up to work more flexibly/collaboratively/problem solve/teamwork/develop critical thinking/digital citizenship etc. Skills employers are wanting for the future workforce.
